Legislator Report Card

MONTANANS FOR CHOICE

Take Action

Our 2025 Legislator Report Card reflects how Montana lawmakers voted on 35 key bills impacting abortion, reproductive rights, access to healthcare, gender equality, and LGBTQ2S+ rights during the 69th Legislative Session.

Each lawmaker was evaluated based on their votes across a range of priority bills identified by Montanans for Choice Take Action (MT4CTA).

Our scoring methodology assigns points for votes to pass or concur a bill, votes on key amendments, and bill sponsorship. Lawmakers also received a vote index corresponding to how often their vote aligned with MT4CTA's priorities. This vote index was translated into a letter grade. An overall grade is provided, along with grades for each of the three subcategories.

Lawmakers who consistently voted in favor of protecting personal freedoms received higher scores, while those who opposed these values received lower scores.
